TRAFFIC FLOW AROUND THE COLLEGE

Safety around the College

A reminder to all families to care when driving around the College, particularly during morning drop off and afternoon pickup. We must all look after the safety of students during these peak times, by adhering to the 40kmh speed limit and parking restrictions, being mindful when driving in and out of College and, if possible arriving a little later in the afternoon to pickup your child.

Please remind students about road safety when crossing near the College, particularly around the roundabout, where several near misses have recently been observed. Students should use the pedestrian crossings located on Flynn Avenue and Kingsford Smith Avenue, as these are the safest places to cross.

Detailed information around parking and drop off restrictions can be found at the button below.

For families with students in both the Junior and Senior School, the Senior School student should collect their sibling from the Junior School SPA area and walk together to the Senior School pick-up area.
