## PRAYERS & PRAISES

**As one of the College Chaplains, my heart is that our team can support our students, staff and families wherever we are able.**

At the moment, Peter and I serve our staff by being available to listen, pray and encourage them as they care for the young people in their classrooms. Students also know they can come to us if they would like someone to pray with them, offer a listening ear, talk through a concern or seek biblical wisdom for a tricky situation.

Recently, I have been thinking more about how our team can serve our College families as well.

That is where **Prayers & Praises** comes in.

You may have something weighing on your heart that you would like someone to pray about. You may have concerns you cannot quite put into words, but would appreciate someone praying on your behalf. You may simply need someone to talk to - someone who can help you think clearly, process an issue or offer a biblical perspective.

We would also love to hear the things you are thankful for. It may be an answered prayer, a moment of encouragement, a blessing in your family or something good you have seen in the life of the College. Praising God for His goodness is an important part of prayer and we would love to give thanks with you.

Please feel free to email us with any prayer requests, praises or concerns. It would be our

privilege to pray for you and to walk alongside you in whatever season you are facing.
