SENIOR SCHOOL ETHICS OLYMPIAD

Five of our talented Year 11 students Nickolas, David, Mia, Hannah and Stella proudly represented our college in this year's Senior School Ethics Olympiad on Wednesday 27 May. The Olympiad brings together schools from across NSW to engage in rich, thoughtful discussion about complex ethical issues. Unlike a debate, the event emphasises collaboration, critical thinking and respectful dialogue, with students working together to analyse pre-released ethical cases and present well-reasoned positions. Our team competed against some exceptionally polished schools from across the state and approached each round with maturity and intellectual curiosity.

Across the three heats, the students explored challenging ethical scenarios, responded thoughtfully to the ideas of other teams and demonstrated impressive communication and reasoning skills. Their efforts were recognised with a 12th place finish out of 26 teams an outstanding achievement, particularly given that this was their first time participating in the competition. We congratulate the team on their dedication, teamwork and the way they represented our college with integrity, insight and enthusiasm.
