## NSW ALL SCHOOLS FOOTBALL TOURNAMENT

**Congratulations to Daniel R, Adrian T and Christian J, who proudly represented our College at the NSW All Schools Football Tournament held at Valentine Sports Park this week.**

The tournament showcased some of the best school footballers from across New South Wales, providing a highly competitive environment for all players. Our students had to persevere with an intense draw, playing back to back games. They had a tough opening match against NSW Combined Catholic Colleges before bouncing back with an impressive victory over NSW Combined High Schools.

All three students made extremely valuable contributions throughout the tournament. Daniel R was a constant attacking threat, capitalising on opportunities and putting pressure on opposition defences. Christian J was outstanding in defence, demonstrating composure, determination and strong defensive skills. In the midfield, Adrian T worked tirelessly, controlling the play, linking defence with attack, creating endless opportunities for the team to succeed. I felt very privileged to be able to watch them rise to the challenge and perform at such a high level. It was a true testament to their talent and passion for Football.

A special congratulations to Adrian T, who has been selected in the NSW All Schools Team based on his outstanding performance at the tournament. This is a remarkable achievement and means he is considered among the top 16 football players in New South Wales to go through the schools

pathway.

Adrian T will travel to Melbourne next term with the NSW All Schools squad to compete in the National Championships. We wish him every success as he takes this exciting next step and know he will represent his College and state with pride.

Well done to all three students on their outstanding efforts and achievements.

**Mrs Irene Focas**
