

THE WAY

YEAR 11: LOOKING AHEAD TO THE HSC JOURNEY

As we move past the halfway point of Year 11, it is hard to believe that only one more term remains before our students begin their Year 12 HSC journey. This is a significant season, and it has been encouraging to see the way our Year 11 cohort has approached their studies and responsibilities.

Students have been busy completing and submitting assessment tasks and this period has highlighted just how important organisation, forward planning and time management are. Now more than ever, students are recognising that looking ahead and scheduling their commitments wisely is essential as they navigate the final stages of their schooling.

To support families during this important transition, we encourage parents and carers to access the following SchoolTV resource, which provides helpful insights into how to partner effectively with students during their senior years:

[Surviving Year 12](#)

In addition, Year 11 recently participated in the **Your Choicez** wellbeing seminar. This was a highly valuable experience, addressing key issues relevant to this stage of life. The presenters were engaging and knowledgeable, guiding students through important topics including building healthy relationships, understanding consent and navigating the pressures associated with decision-making in these areas. The seminar provided students with an awareness of current research, equipping them to make informed and respectful choices.

Thank you, as always, for your ongoing support of our Year 11 students. As we look towards Term 3, we are confident that they will continue to grow in maturity, responsibility and their preparation

for the HSC.

Mr Benjamin Fracarossi & Mrs Michelle Palmer
