ACCOMPLISHED TEACHER ACCREDITATION

In NSW, all teachers work towards and maintain accreditations at the Proficient Teacher level, demonstrating that they consistently meet the Australian Professional Standards for Teachers.

For teachers in the Independent sector, Accomplished Teacher accreditation provides an opportunity to be formally recognised for practice that goes beyond proficiency. Offered through Independent Schools NSW, it acknowledges teachers who have developed deep expertise, refined their practice, and have a significant impact on student learning.

Achieving Accomplished Teacher accreditation is not simply about years of experience. It is about evidencing sustained professional growth, reflective practice, and a commitment to continually improving educational outcomes for students.
